

1105

To whom it may concern,

My name is Devin Mulcunry and I am a teaching assistant at a private Special Education School in Connecticut. This proposed legislation would be detrimental to children with autism. The professionals identified in the language are not qualified to provide these services. Likewise, there are already not enough SLP's, special education teachers and psychologists to meet CT's current educational needs so adding additional responsibilities to these professions will not meaningfully increase the number of providers. This is testimony in opposition to SB 1105.
